

## Ghost Call by Cavid

A spectator phones the magician. After picking up the call the performer hangs up, and right after this... his phone disappears into thin air.

A shocking disappearance of a smartphone from the creative mind of Kelvin Chad

- You can use your own smartphone (both iphone or android)
- You can call the spectator's phone and pick up phone call with the gimmick
- A wallet type phone case compatible with your phone is required
- In the video a smoke device is used to enhance the effect. This is not supplied.
- The video instructions are with english subtitles
- The video instructions are accessible from a QR code (they are subtitled in English)
- Easy to do
