

## Gettin' Spicy - Chili Pepper Playing Cards

IN THE RED CORNER! We have #teamspicy This deck has been a highly requested concept! Especially from the Chili Pepper OPC Hangout Group! This deck is for those who can handle the heat and likes the pain!

IN THE GREEN CORNER! We have #teamsaucy This deck is for those how are cool, calm, and collected. More about the flavour than the knock-out punch!

Both decks are printed by USPCC on crushed premium stock. With their OPC-styled courts, these are perfect for Cardistry, Magic, or card game night!

Daniel and Dave, Grampa Cam's sons, have worked very hard on both of their creations!
