

Fluid Playing Cards

Hadzhi Fluid Playing Cards is an artistic surge of emotion that helps unleash the imagination. The unparalleled quality of Cartamundi in combination with the asymmetry and originality of the deck creates ideal cards for cardists, magicians and collectors.

The backs of the cards stands out for its asymmetry. Depending on their imagination, each person sees unique shapes and silhouettes.

The deck is printed at the Belgian Cartamundi factory with a B9 line Superllux finish.

The finish used provides excellent sliding, similar to the air-cushion finish. Thanks to an innovative coating, even after months of active use, the deck remains in excellent condition and functionality.

In the deck are two gaff cards - Double Back (double shirt), Blank face (blank face)

Design: Nika Isay

- The cards are poker size.
