

## Evolution of Mankind Playing Cards p

Homo-sapiens evolve before your eyes as you flip through Evolution of Mankind Playing Cards!

It works just like in a 2D animation flip book. Hold the deck in your hands and flip through the cards with your thumb!

Flipping court cards in order from JD/JC/JH/JS (same for Q and K) reveals a motion feature... Sahelanthropus Tchadensis starts the longest journey and through 12 species the first step ends with Homo Sapiens.

In the corner of every number card there's a subtle design. Flip the cards from Ace to 10 (Diamonds, Clubs, Hearts, Spades) and you'll get to play with these cards in a very special way!

Features:

- Printed by USPCC.
- 100% custom designed face cards.
- Motion Flip Deck.
