

## Dove Vanish Box

The magician shows the audience a box covered by newspaper sheets. He lifts the lid, and puts a dove inside. After a magical gesture, he punches his arm right through the lid, breaking the newspaper that covers it. Not finding the dove, he then proceeds to punch through, one by one, all the pieces of newspaper that cover the sides and bottom of the box... the dove has incredibly vanished!

- The box can be completely taken apart. Closed it measures cm 33 x 6 x 23.
- The box assembles without the use of screws or nails, and once assembled, measures cm 33 x 21,5 x 23.
