## **Crave List by Tora Magic - Bühnentrick**

The magician displays a full food menu and flips through the pages. In one part of the menu there are different foods, such as (pizza, hamburger, barbecue, fish, etc.), which are all shown to the viewer. And in another part of the menu there are drinks like (orange juice, smoothie, soft drink, etc.) which are also all shown. Then the magician asks the spectator to choose both the food and the drink. Finally the magician predicts the choice of food and drink... and shows that both choices are now gone from the menu!
