

Magician's Suit - Size XL

Nice suit in full-bodied and bright black fabric.

On the front there are 6 ornamental buttons, to recall the classic double-breasted jackets.

On the back there are other two ornamental buttons positioned at the beginning of the tail. The suit has no pockets except for an external small pocket, positioned on the left side of the chest.

The outfit consists of the jacket, a pair of trousers with two side pockets, a bow tie and a sash (waistband).

- A great classical outfit for magicians!
- The XL size corresponds roughly to a size 52. Therefore, if it does not fit perfectly, small tailoring adjustments will be sufficient.
- No instructions are supplied.
