

Color Cage Production Frame

The magician holds up a flattened container with "magic" written on both sides. He opens it up, and it becomes a bottomless and lidless box. After showing it empty he produces three colorful cages. He shows the empty inside of the box again and, finally, produces three more cages of different colors.

An explosion of colors out of nowhere!

- Spectators will be left speechless!
- Perfect for any type of performance, especially for children.
- The container, when open, measures cm 33 (13") x 19.3 (7,6") x 20.58 (8,10") . The cages are 15 cm (5,9") per side and are 17.3 cm (17,3") high. Everything is made of sturdy cardboard and laminated paper.
