

Card Castle from empty Bag

EFFECT 1 - The magician shows an empty bag. After a moment, he produces 3 beautiful card castles from the bag!

EFFECT 2 - The magician has 3 cards chosen from a deck. Then, from an empty bag, he produces 3 card castles. Finally, he turns the castles around and the cards that make up the back of each castle represent the chosen cards!

- Perfect for any kind of show.
- Easy to do, packs flat plays big.
- The castles are 27.5 cm (10,82") high and 17.5 cm (6,88")wide. The deck of cards, for the second effect, is not included as you can use your own.
