

## Bicycle - Poker Deck - Fuchsia back

Our continuous collaboration with the USPC has allowed us to obtain another worldwide exclusive. We are proud to introduce you the new Bicycle deck with fuchsia back.

- Even the case is fuchsia.
- The quality of the cards is the same as usual of the Bicycle.
- Great also as a gift to a girl. Its fashionable look won't miss out to be appreciated.
- The tuck case is the "old case" type with a rider back design on its back.

The deck is enriched with 3 extra special cards: there is one that has a blank face, while the other two (two queens) have gimmicked indexes. With a little imagination you will find interesting applications for them. Let it suffice to say that cards like these are used in expensive tricks of various magicians among which Max Maven.
