

## **Bicycle - Big Box Red - Bicycle Spezial/Gaff**

Great for stage use these Jumbo (Big Box) Bicycle Cards can be seen from a much greater distance than standard poker size cards. Also great for visually impaired card lovers!

Measures approx 11,5cm x 18cm.

Made in the USA by the United States Playing Card Company. Although these are Bicycle Cards and feature the familiar 808 Rider Back Design they are not printed on Bicycle Card Stock as the special airflow finish would make them too slippery to handle.
