

3D Birthday Card Surprise

The magician shows a frame from which he takes out a large card with the black and white picture of a birthday cake on it.

He shows it on both sides and then slips it back into the frame. After a magical gesture, he slowly pulls the picture out again, and colors visibly appear on it! He then opens the card and a huge beautiful pop-up cake appears from it!

Perfect for birthday parties!

- The effect is virtually automatic and loved by children and adults.
- Everything is made of cardboard. The frame size is 36 x 26 cm (14,17" x 10,23")
