

PTSD by Mark Lemon

Now you can perform the perfect card prediction.

An envelope is placed down at the start. Then with no boring, drawn-out equivoque process, your spectator names a playing card and that card is the one in the envelope.

- No wallets
- No switches
- No extra envelopes
- No fishing
- No thin cards
- No more fumbling with indexes

PTSD

is a true worker's dream and perfect everyday-carry. At less than 1.5mm thick, it takes up virtually no pocket space. This is a self-contained miracle that resets instantly, allowing you to blow minds over and over again!

All the gimmicks you need are included and the video instructions will teach you a fully motivated script with versions for live performances, video and virtual shows.

It is simple to learn and easy to perform.

With **PTSD** you'll be OFF BY NONE!
