

Ringo Hanky (Extra Hanky for BABU) by GRUM®

With **RINGO HANKY** you can easily vanish a spectators ring without any awkward handling or sleight of hand. So easy, its practically self working!

A spectator's ring is placed onto a handkerchief and covered to allow someone they trust to hold their ring through the material. They feel the ring until the last moment when it magically vanishes and re appears in another impossible location of the magicians choice.

A total hit and sell out on Ari Phillips GRUM of the USA tour!

Here is what they are saying while presented as part of BaBu!
