

X Force by Kingsley Xu and Bond Lee

In 2024, the latest work of a must have item for magicians, create by the genius mind of Kingsley Xu. **X-Force** is here, presented by MS Magic.

Manipulation is a mysterious power that every magician wants to possess. The "**X-Force**" device can complete nearly 20 magical effects. This is the newly developed X system, which defeats magic with magic and breaks through the boundaries of imagination, if you use this system, you can instantly display movie-level CG visual effects!

Scarf reels, remote-controlled silk flyers, string pullers, and hidden string wheel devices are all common magic props for magicians. We combine these four and cleverly integrate them into your wrist to become the secret of your performance. arms! Release the extremely precise control experience of your hands, forming your secret assistant in the performance, all under your precise control. Every elegant wave is the moment when miracles are born.

Magnetic front cover design. After the thread is disconnected, open the cover for 1 second to find the thread ends, quickly change the thread, and quickly find the scarf.

Powerful motor can absorb more heavy items (can levitate a whole bicycle plate from the ground and fall directly into your hands. Magic wand, coffee cup, shrinking stick, simulated book shooting props, can be pulled on a smooth desktop Cup ball cup) **X-Force** load bearing 100G.
