

Mummy Mystery

The magician displays 3 mummies of equal size and shape, but of a different color, and a coffin. He asks a spectator to place a mummy of his choice secretly inside the coffin, to close it and put it back onto the table putting away the other two mummies. Now, without either touching the coffin or going near the table, the magician reveals the color of the mummy inside the coffin.

- Easy to do, can be immediately repeated.
- Pocket-size. Take anywhere you go.
