

SILHOUETTE STARS by Rizki and Masuda

Mr./Ms. Rizki Nanda, an Indonesia magician, has created a very unique magic based on the WOW gimmick!

The silhouette in the photo frame changes as if it were CG.

Effects:

Have them look at the cards of the six stars that everyone knows. Ask them to choose one of these cards. The magician then shows a prophecy, which, unfortunately, is wrong. However, after that, the prophecy that was thought to be wrong is transformed into a star chosen by the audience. Finally, you can hand out the photo frame to the audience.
