

House by the Window (Standard Edition) Tarot Deck

"Every girl who strives to live her life has a hidden superpower-she is her own witch." When creating this piece, we wanted to portray a sincere, strong, and passionate witch. She is both enchanting and adorable- a witch of the magical world and a reflection of ourselves in real life. Therefore, we used a healing art style and a bright story backdrop to craft a magical castle, inviting you to explore the witch's world.
