

S.S Sharpie (Blue) by Rodger Lovins

This custom made **Steel Shimmed Sharpie** is perfect for use with any magnetic type of holdout or pull!

Because of its weight, it's much easier to sleeve for those out there that do that kind of work too.

The entire shaft of the sharpie is shimmed making it easier to "Hit the Mark"!

We recommend "SWITCHBLADE", our magnetic holdout, SOLD SEPARATELY.

With our "Switchblade" Magnetic Holdout, not only can you produce or vanish the Sharpie, you can also switch it for another color because it holds 2 sharpies!

WE OFFER THE S.S. SHARPIE IN RED, BLUE OR CLASSIC BLACK.

You will find so many uses for this marker. Just ask for the original **S.S. SHARPIE!**
