***"Wow! I have to say, this is a game changer. You have raised the bar exponentially on all counts. A trailer beyond compares and an effect which smacks them right between the eyes with EVERY possible outcome. The bar has been permanently raised on the quality of the 'Mental Choice' effect. I will be comparing all other versions to this in the future. The big question is, what's the next effect you're going to elevate to perfection? 11/10"***

## **FORTUNA**

is the pinnacle solution to the classic Mental Choice effect (aka Hypnotic Choice) from the minds of David Jonathan & Nikolas Mavresis. The duo set the bar very high with a strict set of criteria while creating this multiple out effect:

- Everything had to be self-contained.
- Every single outcome needed to deliver a huge impact.

In other words, the goal was to make this the best version yet - which was no easy task! Finally, these lofty ambitions were met, and with that, we are proud to bring you FORTUNA. Everything is always ready to go on a moment's notice inside the single envelope and there are NO weak outs! In fact, you will likely have a hard time deciding which one is your favorite.

Don't just take our word for it: watch the entire trailer as we reveal every outcome! We show you everything so that you know exactly what you are getting, and you can buy with confidence.

Not only that, it's super practical, incredibly easy to do, has an engaging premise, resets instantly and takes up virtually no pocket space.

All the props are high quality and custom manufactured specifically for this effect. Additionally, the cards have been printed on plastic stock for durability and longevity.
