The Mirror by Dominique Duvivier

The deck is shuffled. A card is chosen and lost in the deck. The card magically turns face up in the middle of the deck. It disappears... and reappears!

Through a mirror effect, it will be reflected on another card, then disappear and reappear. It is removed it from the deck, but it goes back, once, twice, then a third time... but this time its back has changed color!

Finally, all the cards in the deck become identical... and yet different from the chosen card! In the end, everything is handed out for examination.
