

Virtues by Martin Mercy

These specially printed Tarot-style cards depict eight different **Virtues** that produce a card reading with a truly positive prediction. The faces on these cards resemble the Rider-Waite Tarot Deck first produced in 1910. The backs are beautifully printed with a "Green Man" style design.

Included with this effect are 15 specially printed double back cards, along with 8 Tarot style **Virtue cards** , a custom-made cloth pouch, printed instructions, and an instructional DVD, to help you perform this effect flawlessly.
