

Sleights by EmilySleights52 - Pokerdeck

5 years ago on 11/11 at 11:11 EmilySleightsr52 created and produced her very first deck of playing cards: 11th Hour. Now, for \$11.11, get a deck of cards that is part of EmilySleights52 history.

Printed by KingStar PCC, I'm very excited to bring you Sleights Playing Cards! It features my logo as a repeating pattern on the back design, encased in a thin blue border and then a classic white border. The cards handle amazingly! They're soft but snappy and super durable. I'm able to spread, fan, dribble, spring and faro them with ease.

- One way back design - great for magicians

- 8 of Clubs reveal on the Queen of Clubs
- Classy, large pips for all Aces
- Identical Jokers + similar Joker - great for color changes (11th Hour/Nebula Reveal)
