

Fantasy by Art of Play - Pokerdeck

Journey through a mythical world of magic with 54 original illustrations that transform traditional playing card composition into an adventure story featuring fantastical beasts from another world. **Fantasy Playing Cards** by renowned artist is our first fully custom transformation deck.

Stout's drawings, specifically of dinosaurs, have been showcased in museums around the world including the Smithsonian and the British Museum.

Details include a custom back design, indices written in Stout's own hand and a letterpress-printed tuck box adorned with comic book style art. Printed in rich color on fine linen paper by the U.S. Playing Card Company.

A pocket-sized gallery full of wizards, trolls, fairies and goblins rendered by an iconic illustrator.
