

Magic Sponge Ball to Square JUMBO RED by Murphy's Magic

You begin by showing your empty hand. After closing it into a fist, you produce a sponge ball. You then push the ball into your closed hand and ask the audience to guess which hand holds the red ball. When they respond, you reveal that the ball has mysteriously moved to your other hand. But that's not all-when you open the hand where you placed the sponge ball, it has transformed into a sponge square!
