

L Holder (Double Ball) by Long Long & Bacon Magic

Although magicians can rely on sleeves and tables to load and unload props during performances, pure techniques always have limits.

With a little help of gimmicks, you can instantly produce and vanish any small objects and even jumbo coins with ease.

Once you no longer have to worry about stealing and ditching props, you can truly be yourself and focus on performing the impossible.

Unleash your creativity with the **L Holder Series**

A simple and compact yet powerful tool for creating impactful magic.
