

## LANCE MOUNTAIN SKATING SKELETONS PLAYING CARDS

Each illustration featured in this deck was hand drawn by skateboarding legend and artist, **Lance Mountain**. Lance drew these skeletal renditions of iconic skateboard photos of himself with rapidograph pens. This is a work of art.

The tuck box is printed on textured paper to replicate a vintage British Motorcycle booklet that Lance has in his archives.

Each court card features a totally unique illustration. All the suits are hand created and aged accordingly.
