

## REBILL by Yon

The perfect banknote recovery magic that many have been waiting for is finally here!

**REBILL** is a revolutionary way to completely restore a single bill. Created over 20 years ago, the trick has been a closely guarded secret until now, with only the performance known by word of mouth, as it can be verified before and after, and even used in coin changers and vending machines after the performance. *"The world's most complete definitive version of the bill recovery magic trick exists"...*

A YouTube video uploaded by magician Yon 16 years ago even had a hilarious comment asking him to please teach it for \$100. And now, **REBILL** is finally here!

**REBILL** can be any bill, as long as it's made of paper. You can't use bills made of vinyl or polyester, like the pound, but you can use any paper bills like the Dollar, Yen, and Euro.

And you're not limited to a specific spot - you can pierce anywhere you want. You can even do the crazy trick of piercing and repairing more than one spot at the same time!

The best part of **REBILL** is that it's really easy - all you need to do is prepare your bills in advance and you're good to go. No suspicious move or hard hand technique is used at all. It only uses one bill, and you don't need to use any palm or switch before or after the performance. You can prepare the gimmick in about a minute or less, and you can carry it around in your wallet and perform it whenever you want.

**REBILL** comes with all the components you need to create a gimmick bill. The only thing you need to provide is additional bills to use in your performance. The gimmick provided can be used about 2000 times (which is an approximate figure and means you can make a really large number of gimmicks).

Another great thing about **REBILL** is that it doesn't attach any foreign objects to the bill - the bill restores itself perfectly. This allows you to verify with the audience before and after the performance, and vending machines and even ATM machines recognize it as a normal bill! (This may vary by country).

It's the perfect magic trick to showcase in everyday life. Discover **REBILL** today!
