

Bicycle Colors by Jordan Victoria (Red deck + 11 routines)

If you're a close-up magician, you've probably been asked this question a thousand times:

"Can you do something for my kids?"

Well... now you can!

Most magicians use playing cards that aren't designed for children. That's why we created the **Bicycle Colors**: A deck specially made for magicians who want to perform for kids.

No more Spades, Hearts, Clubs, or Diamonds! We've replaced them with 4 vibrant colors: blue, red, green, and yellow, numbered from 1 to 10. With these 40 cards, you'll be able to perform all your favorite routines, such as the Ambitious Card, Sandwich effects, and so much more!

We've also removed the court cards and replaced them with 15 gaff cards, designed to create highly visual effects perfect for young audiences.

This is a deck every magician should have in their magic bag **"just in case"**.

Thanks to the Bicycle Colors, you'll never hesitate to perform for kids again!

- Printed by USPCC
- Bicycle Rider back design
- Available in red and blue backs
- Includes 11 detailed tutorials (in English and French)
- Affordable and practical
