We want to take you to a wonderful mystical fantasy world. Our characters and stories are inspired by legends from the real world, but they still tell their own tale. If you like King Arthur, Robin Hood, or other medieval myths you will love these cards. Everything in this deck is designed with a story in mind.

The story started with the Pixel Kingdom playing cards and now continues its epic tale.

Once upon a time 235 brave knights came together and united a shattered kingdom. Together their leaders formed the Round Tale to rule the kingdom in unity. After restoring the strength of the country, they began the task of lifting its curse. During their adventures, they recovered the missing grails and healed the sacred trees. Thus, the **Tales of the Uncursed Kingdom** began. Will you be one of its heroes?
