

The Gypsy Thread by Quique Marduk

There are many great versions of this true classic of magic, such as those by Gaetan Bloom, Javi, and Tony Clark. You can find it on the "Greater Magic", the "Teach in" series of Lewis Ganson and many other books.

This is the original version with the addition of an idea based on a concept by the great Fantasio. It is the routine that I have performed in my shows for over 30 years. By downloading the video, you will be able to see all the details and subtleties of it.

It includes a gimmick and 2 spools of highly visible thread that is very easy to break with your hands. It is a trick to perform in any situation, close-up, parlor or stage, even surrounded.
