

## Incredible by Christian Grace

There are 2 flaws with the classic invisible deck.

You can't hand it out & You have to carry 2 decks (1 invisible, 1 normal).

Incredible changes that.

- Similar Plot - But One Normal deck.
- Easy To Do & Resets in 5 Seconds.
- Remove the 2 gimmicked "jokers" to end completely clean.
- Continue performing other tricks with the same, regular deck.

### Examinable & Impossible

There are 2 flaws with the classic invisible deck? You can't hand it out & you need to carry another deck if you want to perform anything else. Incredible fixes that. After performing this impossible prediction effect, you casually remove the gimmicks and hand out the deck for examination. No heat. Just pure magic.

### Easy To Perform

No knuckle-busting moves. Incredible works with a hidden-in-plain-sight secret, letting beginners and pros perform this mind-blowing effect within minutes.

### A Powerful Potion of Principles

Think beyond one trick. Incredible lets you perform a flawless Brainwave effect, switch seamlessly to a regular deck, or blend it into your existing routines. It's not just an improvement—it's a revolution.

### INCREDIBLE - An Invisible Deck Effect

Christian Grace has created a streamlined Invisible Deck effect that lets you perform a similar miracle... and then hand them the deck. They can shuffle. They can examine. They can try to find the secret - but they never will.

### What Makes Incredible... Incredible?

It's not just examinable—it's a NORMAL deck.

After you reveal their card, you casually remove the two jokers, secretly ditching the gimmicks. Now you're clean.

It's stupidly easy.

No complex moves. No tricky sleights. Just drop the gimmicks into any deck, and you're ready to fry minds. Meaning you can now perform an invisible-deck-esque

effect with the same deck you do all your other tricks with.

Prediction play built-in.

Show a single card at the start. They decide on a card. It matches. Every. Damn. Time.

Bonus: Brainwave included.

Incredible allows you to perform the Brainwave effect with the same setup.

This is the Invisible Deck with no more awkward “I can’t hand it out” moments. No more barriers between you and your audience. Just pure incredible magic.
