

## The Paper Engine (20th Anniversary Edition) by Aaron Fisher - Buch

The legendary book that inspired a generation is finally back after more than 20 years!

*" The material in this book is top notch, and I guarantee it will enhance the repertoire of any serious student of card magic immensely. "*

**-Johnny Thompson**

Offering the perfect assortment of invisible techniques, astonishing effects and transformational ideas, Aaron Fisher's **The Paper Engine** has been considered a seminal text for card magicians since the day it was first released in 2002. Revered by some of magic's biggest icons, **The Paper Engine's** revolutionary methods and profound insights into performance and technique have cemented its status as an instant classic.

However, it's also been incredibly difficult to find for years. After going out of print, its scarcity drove prices into the hundreds on the secondary market, a testament to its enduring value.

Now, after two decades, **The Paper Engine - 20th Anniversary Edition** resurrects this essential work, offering both longtime admirers and new students a chance to delve into the material that defined Aaron Fisher's career. This expanded 160+ page volume presents over 30 meticulously detailed techniques and routines, including an exclusive, brand-new chapter dedicated to the evolution of Aaron's signature creation: the Gravity Half Pass.

Beyond the techniques, **The Paper Engine** is a masterclass in magical philosophy. Aaron's insights into tension, focus, and design transcend mere card handling, offering a holistic approach to performance that will elevate your magic to new heights. As those who cherish the original edition know, it's the wisdom woven throughout the explanations that truly sets this book apart.

The "Techniques" section is a treasure trove of versatile sleights, from the fluid One-Handed Popover to the deceptive Illusion Control and the seamless Nowhere Pass. Yet, it's the Gravity Half Pass that stands as the greatest nod to Aaron's genius. As Johnny Thompson stated in his introduction, "there is no substitute for the magical impact of a well-executed pass." Aaron's mastery lies not only in the design of the Gravity Half Pass but in his ability to make it

accessible to every magician.

The brand-new chapter in **The Paper Engine - 20th Anniversary Edition** demystifies the Gravity Half Pass, offering both the original, groundbreaking explanation and a comprehensive update reflecting two decades of refinement. Aaron not only dissects the technique but also presents his evolved teaching methods, making this powerful sleight more approachable than ever.

Whether you're a seasoned professional or a budding enthusiast, this book provides you with a comprehensive toolkit for creating impactful, deceptive card magic.

These techniques are complemented by a remarkable "Magic" section containing Aaron's most cherished routines. From fresh spins on classics like "The Collectors" to the original slow-motion sandwich effect "Search and Destroy" and the visually stunning "Helter Skelter," this varying material caters to all types of magicians and skill levels. Each effect is meticulously detailed and accompanied by hundreds of photographs.

This anniversary edition also includes access to The Practice Engine, a suite of bonus videos, materials, and resources that leverage Aaron's hard-earned discoveries and breakthroughs over the last two decades. He's developed an incredible practice experience that will make your learning of this material more enjoyable and beneficial than ever before.

**The Paper Engine - 20th Anniversary Edition** by Aaron Fisher is more than just a book. It's a masterclass for transformative card magic. Get your copy today!

**Note:** The bonus Practice Engine is run on a separate website that is listed in the book. No additional payment is required to access it, but you will need to provide your name and email to register for it.
